

PARKING BRIVE DORDOGNE VALLEY AIRPORT

PARKING CONDITIONS

BASIC RULE OF USER CONDUCT

Users have to respect the general rules of the road and traffic rules brought to their knowledge through signage or display in the park.

Regulatory requirements are completed by the following rules:

- Any vehicle following another one which would like to park must give priority to this one
- Users getting ready to get out of a parking lot must ensure that its operation is safe with vehicles on the aisles that it must give priority
- At every intersection, vehicles must give way to those coming from their right, unless otherwise required, indicated by a special panel or express indication of the park
- Overtaking is forbidden
- The reverse is allowed only for entry or exit of a parking lot
- Parking is prohibited on road traffic
- The use of audible warning devices is prohibited
- Drivers are required to turn on lights when the visibility or the signaling required it

RESPONSIBILITY

Drivers are responsible for accidents and damage they cause by mistake, malicious or any other cause, in particular as a result of a breach of this regulation.

No responsibility can be attributed to la Régie Personnalisée d'Exploitation de l'Aéroport « Brive Vallée de la Dordogne » for damages that occur to people, animals or things that would find for no reason in the park or service roads, whatever the causes of this damage.

These rights are only parking rights and not security or even depot rights.

In the interest of users, it is highly recommended to lock their vehicle.

OTHER PRESCRIPTION

The user of the car park who lost his access pass must prove his identity and present the ownership of the vehicle concerned. Before leaving the parking lot, he must pay a flat fee of 20€.
